Skills

- **Programming Languages** : Java, HTML, CSS , BootStrap, JavaScript, SQL, and Python
- **Libraries and Frameworks** : React JS , Node JS , Express JS, Tailwind CSS
- **Databases** : MySQL , MongoDB
- **Tools and Software** : GIT & GitHub , Visual Studio Code
- **Soft Skills** : Analytical, Communication, Discipline , Teamwork , Planning , Collaboration

Projects

- **Hospital Management System – Full-Stack Web Application**
 - ✧ Developed a full-stack hospital management system to streamline patient registration, doctor scheduling, and appointment tracking
 - ✧ Key features include role-based login for admin, doctors, and patients; patient record management; appointment booking; and automated notifications. Built using React.js, Node.js, Express.js, and MongoDB.

Achievements

FreeCodeCamp – Responsive Web Design Certification

- ✧ Completed a comprehensive course covering HTML5, CSS3, Flexbox, Grid, and accessibility best practices.
- ✧ Built multiple responsive websites and web components as part of hands-on projects.
- ✧ Gained skills in mobile-first design and modern web layout techniques.
[\[Certificate\]](#)

Simplilearn – Machine Learning Certification

- ✧ Completed a detailed course covering supervised and unsupervised learning, model evaluation, and real-world ML applications.
- ✧ Gained hands-on experience with algorithms like Linear Regression, Decision Trees, K-Means, and SVM using Python.
- ✧ Worked on practical projects to apply machine learning concepts in various domains. [\[Certificate\]](#)

Education

B.E. in Information Technology Engineering, Theem College Of Engineering, Palghar
(2021 – 2025)

- CGPA: 7.15

Certifications

Foundation of Web Development : HTML, CSS , JavaScript , React , BootStrap [\[view Credential\]](#)
